

MINI DUMPER 300KG

VIMD300

This machine is designed to facilitate the transport of materials on construction sites, in agricultural work, gardening, and outdoor maintenance. Ideal for moving dirt, sand, rubble, firewood or building materials more quickly and with less physical effort, it provides practical support in professional and semi-professional contexts. The Mini Dumper stands out for its ability to work on slopes of up to 25%, making it ideal for uneven terrain and demanding surfaces. In addition, it is equipped with a Loncin 4-stroke combustion engine and a displacement of 196cc, offering consistent performance for transporting loads of up to 300kg. The manual transmission with 3 forward gears and 1 reverse gear allows adaptation to different types of terrain and loads, while the 3.6L fuel tank and lubrication system ensure autonomy and stable operation during work.

Key features

> Load capacity up to 300kg for efficient material transport;
> Suitable for slopes up to 25%;
> Loncin 4-stroke engine for reliable performance on site and outdoors;
> 3 forward gears and 1 reverse gear for better control;
> Ideal for construction, agriculture, and outdoor maintenance environments;
> Practical solution to reduce physical effort when transporting loads.

Specifications

Dimension	**1700 x 770 x 1000 mm**
Product weight	**192 Kg**
Weight with packaging	**229 Kg**
Engine	**4-stroke combustion**
Engine displacement	**196cc**
Engine oil	**15W40**
Fuel	**Petrol**
Fuel tank capacity	**3,6L**
Engine brand	**Loncin**
Gearbox oil	**80W90**
Maximum speed	**7.5 km/h Forward | 3.5 km/h Reverse**
Engine oil crankcase	**0,6L**
Gear oil	**1,4L**
No-load Speed	**3600 rpm**
Sound power level (LWA)	**101db**
Speeds	**3 forward + 1 reverse**
Transmission	**Manual**
Weight capacity	**300 KG**
Work surface tilt	**Max. Longit. 25%**
Packaging dimensions	**1700 x 770 x 1200 mm**

Rated power	**6,5 hp | 4,8 kW**
