SET OF MODULAR STORAGE TOOL BOXES

VIMMPACK

VITO`s Set of Modular Storage Tool Boxes (VIMMPACK) combines practicality and durability, with an easy-click modular system, these tool boxes offer quick, hassle-free attachment and detachment with a single movement. The sturdy and comfortable handle on the tool box top ensures comfort when carrying heavy loads, while the removable telescopic handle provides additional convenience by allowing you to adjust the height as required. The metal front zips ensure security, while the interior organiser tray offers a practical solution for organising smaller items. The all-terrain rubber wheels, with 20 cm of diameter, ensure a smooth and stable handling on different types of terrain. In addition, the reinforced metal handle on the tool box medium with IP65 rating offers additional strength and safety. With a combined capacity of 55L + 39L + 17L and a maximum load of up to 70kg, this set is suitable for a variety of professional and personal applications. The dimensions of 580 x 480 x 850 mm guarantee enough space to accommodate a wide range of materials, making this set a versatile and reliable solution for your organisation, storage and transport needs.
