20V

EGO IRON PACK: COMBI DRILL, ANGLE GRINDER 115MM, 2X 4AH BATTERIES, DUAL FAST CHARGER, MODULAR STORAGE TOOL BOX MEDIUM

PACK1EGOIRON

This PACK (PACK1EGOIRON) comes with a Brushless Combi Drill 20V that provides the power needed to drill quickly and precisely in a variety of materials. The Brushless Angle Grinder 20V - 115MM guarantees fast cutting and grinding with the necessary durability, adapting to a wide variety of applications, from metal to masonry. It is complemented by two 20V 4Ah EGO batteries that guarantee extended autonomy, even for the most demanding tasks. The 20V dual fast charger allows you to charge both batteries simultaneously. For transport and organisation, this set comes with a modular storage tool box medium, which ensures transport, protection, and easy access to your tools.

Key features

> The Brushless Combi Drill 20V is equipped with a brushless motor and a quick-release metal chuck with spindle lock (capacity between 2 and 13mm).
> This Combi Drill model has two no-load rotational speeds (0 - 500rpm; 0 - 2000rpm), as well as an impact drilling mode with two rates depending on the selected speed (0 - 7500ipm; 0 - 30000ipm).
> The Brushless Angle Grinder 20V - 115MM can reach a speed of 10000rpm and is compatible with 115mm discs.
> This Angle Grinder is equipped with Brushless motor technology and includes an adjustable auxiliary handle with three positions (right-side, left-side, and top position).
> The 20V 4Ah EGO batteries have no memory effect thanks to their lithium-ion composition, which ensures resistance to damage and guarantees greater autonomy. They are equipped with a non-slip rubber base that offers greater safety during handling.
> The 20V dual fast charger has a 1.9m power cable and an LED to make it easier to check the charging status of the device. It allows you to quickly charge two batteries at the same time.
> The modular storage tool box medium is included in the IRON range and can be complemented by other iron tool boxes. It features a tray which is ideal for organising tools, metal front fasteners, a reinforced metal handle and a modular system with easy-click attachment/detachment. It is impact-resistant and has a maximum load capacity of 39 litres or 46kg.
