

AIRLESS PAINT SPRAYER 850W

VIMPA850

The VITO VIMPA850 Airless Paint Sprayer is designed for painting walls, facades, ceilings and metal structures with speed and consistency. Its airless system delivers uniform paint distribution while reducing material waste. Powered by an 850W motor, it provides a paint flow rate of 1.1 L/min and spraying pressure up to 3000 PSI. The adjustable pressure control allows the paint output to be adapted to different applications and coating types. The included 7.5 m hose and spray extension increase working reach, while the dual filtration system helps maintain consistent spraying performance and protects internal components.

Key features

- **Safety trigger lock;**
- **Double filter system (inlet/outlet);**
- **7.5-meter PVC hose;**
- **Carrying handle;**
- **Pressure control knob;**
- **Spray gun extension pole.**

Specifications

Carrying handle	**Yes**
Power cord length	**2 m**
Sound power level (LWA)	**107 dB (A)**
Flow rate	**1.1 L/min**
Hose length	**7.5 m**
Maximum hose pressure	**22.8 MPa | 3300 PSI**
Size/ type of tip	**517 (0.017")**
Sound pressure level (LPA)	**95 dB (A)**
Spraying distance	**250 - 350 mm**
Spraying pressure	**20 MPa | 3000 PSI**
Height	**485 mm**
Length	**510 mm**
Product weight	**11.576 kg**
Weight with packaging	**14.786 kg**
Width	**370 mm**
Rated power	**850 W**
Supply voltage	**230 V AC ~ 50 Hz**
