

VERTICAL LOG SPLITTER 9 TON

VIRLV9

The VITO 9-Ton Vertical Log Splitter combines power and safety in one unit, making it the ideal choice for effortlessly splitting large logs. With an impressive 9-ton splitting force and a 3500W motor, it can handle wood diameters from 8 to 30 cm and a maximum log length of up to 1000 mm, perfect for the largest wood pieces. Designed for use in demanding environments, it features a voltage of 230 V AC and an IP44 rating, providing high resistance to external elements. The additional safety system ensures user protection during operation, while the vertical design enables practical and efficient handling for continuous tasks.

Key features

- **9-ton splitting force for maximum efficiency**
- **3500W motor for fast and precise cuts**
- **Handles log diameters between 8 and 30 cm**
- **Maximum cutting length of 1000 mm, ideal for large logs**
- **230 V AC voltage with IP44 rating, durable and safe**
- **Equipped with additional user protection**

Specifications

Cutting levels	**560, 780 , 1000 mm**
Lubrication	**Oil - ISO VG 22**
Maximum cutting diameter	**350 mm**
Maximum pressure	**9 tons**
Protection class	**IP44**
Sound power level (LWA)	**85 dB**
Splitting cycle	**S6 - 40%**
Dimensions	**1100 x 680 x 1500 mm**
Maximum cutting length	**1000 mm**
Product weight	**130.5 Kg**
Weight with packaging	**132 Kg**
Packaging dimensions	**500 x 450 x 990 mm**
Rated power	**3500 W**
Supply voltage	**230 V 50 Hz**
Temperature	**5 - 40 ºC**
