

## GIRONA TWO-PRONG WEEDING HOE WITH WOODEN HANDLE

**VI0463C**

The VITO Girona double-peta hoe, supplied with a handle, is built from tempered steel and designed for precise soil cultivation, row cleaning and weed removal. The double-peta configuration enhances efficiency, enabling both soil loosening and targeted weeding in horticultural and garden settings. The included wooden handle offers excellent grip, control and ergonomic comfort.

### Key features

- > Tempered steel construction for long-lasting durability
- > Double-peta system for improved versatility
- > Narrow blade for detailed work between plants
- > Handle included for increased reach and comfort
- > Suitable for horticulture, garden beds and greenhouses
- > Effective for soil aeration and precise weeding
