

## POST HOLE DIGGER WITH IRON HANDLE

### VI1021

The VITO two-hand digger with iron handle is a heavy-duty tool made from tempered steel, designed for deep excavation, trenching and soil breaking in tough environments. Its reinforced blades offer excellent penetration, while the dual-hand system allows users to apply maximum power with full control. The iron handle provides outstanding durability and structural stability, making this tool suitable for intensive professional work.

#### Key features

- > Tempered steel construction for high durability
- > Two-hand operation for increased power and control
- > Reinforced blades for exceptional soil penetration
- > Iron handle for extreme strength and stability
- > Ideal for trenching, deep digging and hard soil removal
- > Suitable for agriculture, forestry and construction
