

## TWO-FLAT PRONG FORK HOE

### VI1090

The VITO large blade-tip hoe, made from tempered steel, is engineered for precise agricultural tasks such as trenching, root cutting and deep soil penetration. Its dual knife-like tips provide superior accuracy and controlled soil removal.

#### Key features

- > Tempered steel for long-lasting durability
- > Dual blade tips for precise trench creation
- > Ideal for vineyards, orchards and vegetable gardens
- > Effective in compact or dry soil
- > Reinforced ring socket for secure handle attachment

#### Specifications

Diameter	38 mm
Handle	VI4015
Material	Hardened steel
Number (Nº)	3
Size	120 x 280 mm
Weight	1,15 kg
