

LAMEGO BILHOOK

VI1309

The VITO Lamego sickle, made from tempered steel, is ideal for cutting tough vegetation, brambles and thick brush. Its curved blade and sharp tip provide excellent penetration and controlled cutting action.

Key features

- > Tempered steel blade for durability
- > Curved design for efficient and precise cuts
- > Suitable for agriculture and forestry
- > Reinforced socket for secure handle attachment
- > Strong, reliable tool for heavy-duty use
