

HATCHET WITH NAIL PULLING CLAW AND HANDLE

VI1590

The claw hatchet with handle is designed for cutting and splitting wood in agricultural and outdoor environments. Its steel blade delivers reliable cutting performance and good wear resistance for frequent use. The wooden handle allows stable handling and controlled strikes. The rear claw is useful for pulling, levering or separating wood, making this hatchet suitable for firewood preparation, posts and general rural maintenance.

Key features

- > Steel blade for effective cutting
- > Rear claw for added versatility
- > Strong wooden handle for stable handling
- > Suitable for firewood and rural work
- > Robust construction for regular use

Specifications
