

HALF MOON BILLHOOK WITH SPIKE VI1610

The half moon sickle with hook is manufactured from tempered steel, providing durability and reliable cutting performance. Its curved blade allows continuous cutting of dense grass, weeds and vegetation. The integrated hook helps control and pull vegetation during cutting, increasing efficiency when clearing land. Suitable for agricultural maintenance and traditional outdoor tasks.

Key features

- > Tempered steel for long-lasting use
- > Curved blade for effective vegetation cutting
- > Integrated hook for better vegetation control
- > Suitable for land clearing tasks
- > Robust design for regular agricultural use

Specifications

Dimensions	395 x 280 x 30 mm
Handle	VI4033
Material	Hardened steel
Weight	846 g
