

## MINHO HALF MOON BILHOOK

### VI1620

The Minho half moon sickle is manufactured from tempered steel, providing durability and consistent performance in manual cutting tasks. Its curved blade shape allows continuous cutting of tall grass, weeds and dense vegetation, even on uneven ground. The blade offers stable cutting behaviour, making it suitable for land clearing, agricultural maintenance and traditional rural work. A simple and reliable tool for regular outdoor use.

#### Key features

- > Tempered steel for long service life
- > Curved blade for effective vegetation cutting
- > Suitable for weeds and tall grass
- > Controlled cutting action
- > Robust design for agricultural use

#### Specifications

Dimensions	250 x 200 x 375 mm
Handle	VI4033
Material	Hardened steel
Weight	0,65 kg
