

BRUSSELS BILHOOK

VI1650

The Brussels pruning hook is manufactured from tempered steel, ensuring durability and reliable performance in manual pruning and cutting tasks. Its curved blade allows controlled cutting of branches and dense vegetation, even in hard-to-reach areas. This tool is suitable for vineyards, orchards, tree maintenance and land clearing, offering a simple and dependable solution for regular agricultural work.

Key features

- > Tempered steel blade for long service life
- > Curved profile for effective pruning
- > Good cutting control on branches
- > Suitable for vineyards and orchards
- > Robust design for frequent use
