

SPLITTING AXE WITH HANDLE

VI3311

This pick axe with handle is manufactured from tempered steel, designed for wood cutting and deep splitting work. The pointed blade profile concentrates impact force, allowing effective penetration into hard or compact wood. The handle provides leverage and better control, making it suitable for firewood preparation, forestry work and rural land maintenance.

Key features

- > Tempered steel blade for durability
- > Pointed design for effective penetration
- > Suitable for hard wood cutting
- > Handle improves force and control
- > Robust tool for demanding outdoor tasks

Specifications

Blade	Hardened steel
Diameter	48 mm
Dimensions	75 x 210 x 900 mm
Weight	3,56 kg
