

GRASS TRIMMER 30CM 550W

VIAC550

The rotating head together with the support wheel increases the trimmer`s versatility, allowing you to adjust the cutting angle to reach edges, corners, and other hard-to-reach areas. This ensures a more precise and professional finish in all parts of the garden. Adjustable features, such as the auxiliary handle and the telescopic handle, make this machine more comfortable to use, adapting to the individual needs of each user. Equipped with a twisted line, it guarantees precise and efficient cuts, providing superior performance even on dense lawns. It is a lightweight machine, highly effective for mowing in areas you cannot reach with a lawn mower.

Key features

> Cutting precision: Ideal for finishes in hard-to-reach places, guaranteeing even edges;
> Ergonomic design: Makes it easier to manipulate, providing comfort and reducing fatigue during prolonged use;
> Versatility: Suitable for a variety of surfaces and materials, from grass to small bushes and fences;
> Lightweight: Easy to transport and manoeuvre, even in rough terrain or small spaces;
> Low maintenance: Equipped with durable, easy-to-replace blades, minimising downtime;
> Height adjustment: Quick adjustments to adapt the cut to different conditions and preferences;
> Accessibility and flexibility: The rotating head and support wheel allow you to reach difficult areas and quickly change the cutting direction, improving efficiency;
> Greater control: The support wheel ensures balance and stability, allowing for more precise cuts.

Specifications

Automatic feed	**Yes**
Cutting diameter	**300 mm**
Line diameter	**1,6 mm**
Line length	**2 x 5 m**
No-load Speed	**10000 rpm**
Sound power level (LWA)	**96 dB**
Rated power	**550 W**
Supply voltage	**230 V 50 Hz**
