

TRAILER MOD. 12

VIAME12A

The VITO Mod. 12 Trailer, compatible with the VIMEDTD12 Motor Tillers, is designed to transport up to 450 kg of payload, making it a robust solution for use on agricultural and rural land. With dimensions of 2900 mm in length, 1300 mm in width, and 930 mm in height, this trailer is equipped with 495 x 150 mm pneumatic wheels and steel rims, ensuring durability and strength. The chassis is also constructed from steel, providing a solid structure to withstand demanding working conditions. Furthermore, the trailer comes with a rear reflective plate and brake, ensuring safety during transport. Weighing 115 kg, it is the ideal choice for those who need reliable equipment for agricultural transport.
