

WET AND DRY VACUUM CLEANER 2X1200 W - 75 L

VIASL75

Industrial Wet and Dry Vacuum Cleaner, with a rated power of 2400W (2x1200W), suction power 16.5kPa, a suction flow rate of 2.5m³/min, 75-Litre capacity tank, vacuuming of solids/liquids, without bag. The best solution for professional cleaning.

Key features

> The VITO Pro-Power Wet & Dry vacuum cleaners are designed to guarantee professional cleaning in highly demanding environments. - They are supplied with two motors (2x1200W) that allow the working power to be adjusted to the type of cleaning required. - The stainless steel waste container guarantees excellent resistance to corrosion and impact. - VITO vacuum cleaner are supplied with a washable HEPA filter which guarantees the retention of fine particles that trigger asthma and allergy symptoms.

Specifications

Airflow	2,5 m ³ /min
Anti-static chain	Yes
Folding waste container	Yes
Height	925 mm
Length	690 mm
Power cord	5,5 m
Product weight	22 kg
Rated power	2400 W (2 x 1200 W)
Sound power level (LWA)	88 dB(A), k = 3
Suction power	16,5 kPa
Tank capacity	75 L
Tank material	Stainless steel
Two motors that run independently	Yes
Type of materials vacuumed	Solids/liquids
Vacuum cleaner type	Without bag
Weight with packaging	24.500 kg
Width	580 mm
