

ATS FOR 5-8KVA GENERATOR VIATS58

The VIATS58 ATS is an automatic transfer switch designed to ensure efficient switching between the main power supply and a generator, maintaining energy continuity in critical applications. Compatible with VITO Pro-Power diesel generator VIGD8ST. Designed for 5-8 kVA generators, it enables automatic switching during power outages, reducing downtime and eliminating manual intervention. Its robust construction ensures reliable operation in professional environments.

Key features

- > Automatic mains to generator switching
- > Compatible with VIGD8ST
- > Supports 5-8 kVA generators
- > Fast response to power failure
- > Ensures energy continuity
- > Easy installation
- > Stable performance
- > Professional use

Specifications

Compatible with generators	VIGD8ST
Fuel	Diesel
Dimensions	210 x 330 x 410 mm
Product weight	4.694 kg
Weight with packaging	5.318 kg
Power	5-8KV_a
