

## WIRE SNIP PLIER VDE 1000V 160MM VIADI160A

Insulated wire stripping pliers designed for preparing electrical conductors during installation and maintenance tasks. Manufactured with a chrome vanadium steel body, the tool provides mechanical strength and durability for professional use. It allows controlled removal of insulation from electrical wires to prepare the conductor for secure connections. Insulated handles provide enhanced safety and comfort during use and allow operation in electrical installations up to 1000V in accordance with VDE certification.

### Key features

- > VDE 1000V certified insulation
- > Chrome vanadium steel construction
- > Suitable for stripping insulated wires
- > Insulated handles for improved safety
- > Ideal for electrical installation work

### Specifications

Electrical insulation	1000 V
Handle	Bimaterial handle
Material	Chrome-vanadium steel
Size	160 mm
