

PRECISION S2 BIT SET - 25 PIECES VIB25

The 25-piece S2 precision bit set is made from high-quality S2 steel, ensuring excellent wear resistance and precision for demanding technical applications. The composition includes Phillips, Torx, Security Torx, Slotted, Hex, Triangular, Pentalobe and U bits, making it suitable for electronics, precision devices, technical maintenance and specialized repairs. The magnetic coupling provides increased stability during use, improving screw handling and work efficiency. Supplied with an adapter and compact case for easy organization and transport.

Key features

- > High-durability S2 steel precision bits
- > Multiple profiles for specialized technical applications
- > Magnetic coupling for improved stability and control
- > Ideal for electronics and precision maintenance
- > Compact case with included adapter

Specifications

Case	Aluminium
Composition	25 pcs
Fitting	Magnetic
Material	S2 Steel

Package Contents

1 adapter
 5 Phillips bits: PH000, PH00, PH0, PH1 and PH22
 Pentalobe bits: P2 and P55 security Torx bits: T5H, T6H, T8H, T10H and T15H1 U-type bit: U2.61 triangular bit: 2.34 slotted bits: SL1.5, SL2.0, SL3.0 and SL4.03 Torx bits: T2, T3 and T42 hex bits: H1.5 and H2.01 tri-wing bit: Y0.6
