

CORDLESS BRUSHLESS WET AND DRY VACUUM CLEANER 20V LI

VIBCASLB20SFL20

The cordless wet and dry vacuum cleaner from EGO range is ready for all cleaning tasks, whether indoors or outdoors. It has an excellent suction power due to its 12Kpa/18Kpa and two speeds, benefiting from a brushless motor (without carbon brushes) providing increased efficiency and durability. This vacuum cleaner is distinctive because it is powered by a battery which can be fitted in several appliances from the EGO range. It is compatible with 2Ah and 4Ah batteries, which can be purchased separately. The appliance is equipped with a HEPA filter, a 20-litre stainless steel tank, a suction hose, a steel telescopic tube, a suction brush, a round brush and a crevice nozzle. This model is an ideal complement for complete cleaning, combining flexibility and versatility.

Key features

- > Compatible with 2Ah and 4Ah batteries;
- > Compartment for 20V battery;
- > Stainless steel tank - 20L;
- > HEPA filter for a healthier environment without impurities.

Specifications

Airflow	0.84 m ³ /min
