

BRUSHLESS IMPACT WRENCH 1/2 1180NM 20V VIBCCIB118020

VITO's 20V Brushless Impact Wrench (VIBCCIB118020) is ideal for screwing and fastening tasks in resistant materials such as metal, wood, and masonry. With a maximum torque of 1180 Nm and a 1/2" drive, this tool is perfect for assembling and fixing structures. The brushless motor offers high durability and reduces the need for maintenance, increasing efficiency. Equipped with three LED settings for speed and impact adjustment, it provides precision and control when working with different materials and types of screws. It also includes an integrated LED light that improves visibility in poorly lit areas, a belt clip to keep the tool always at hand, as well as a speed and direction of rotation selector that allows it to be easily adapted to each task. This model is compatible with the interchangeable EGO battery, allowing a single battery to be used in different tools in VITO's EGO range.

Key features

- > It offers up to 1180 Nm of torque and is suitable for medium to high-intensity fastenings in a variety of applications;
- > Drive (1/2"): Compatible with a range of standard impact accessories and ideal for the most common fastening tasks;
- > Adjustable Settings for Total Control: With three speed and impact levels, this tool adapts perfectly to different materials, offering the control needed for complex jobs;
- > Speed selection button;
- > LED light for the work surface;
- > Compact and ergonomic.

Specifications

Impact frequency	(LED1) 0-1600 bpm ; (LED2) 0-2200 bpm ; (LED3) 0-2700 bpm
Insulation class	II
Maximum torque	(LED1) 400 Nm ; (LED2) 630 Nm ; (LED3) 900 Nm
No-load Speed	(LED1) 0-1500 rpm ; (LED2) 0-2000 rpm ; (LED3) 0-2500 rpm
Sound power level (LWA)	110 dB
Sound pressure level (LPA)	00 dB
Tool holder	1/2"
Voltage	20V DC
