

20V

ORBITAL SANDER 20V VIBCLOSFL20

The 20V Cordless Orbital Sander is suitable for sanding wood, metal and other surfaces, offering full mobility thanks to its cordless operation. With a nominal voltage of 20V DC, it features an adjustable no-load speed from 2000 to 10000 rpm, allowing performance adaptation according to the material and finish required. Six speed settings provide enhanced control during operation. The 125 mm sanding base with a 2 mm oscillation amplitude ensures smooth and efficient sanding. The hook-and-loop fastening system enables quick sandpaper replacement.
