

20V

BLOWER - 20V
VIBCS20

VITO`s 20V blower is ideal for outdoor maintenance, removing leaves and debris quickly and efficiently. Lightweight and compact, the blower allows you to remove dry leaves, dust and small debris with practicality and comfort, even on long jobs. Thanks to the common 20V battery range, this machine promotes mobility and autonomy when carrying out outdoor work.

Key features

- > Lightweight and compact design, easy to maneuver and transport;
- > Efficient waste removal in outdoor environments;
- > Powered by a standard battery from the 20V range (2Ah to 6Ah).
