

20V

**BRUSHLESS RECIPROCATING SAW - 20V**

**VIBCSSB20**

VITO`s 20V Brushless Reciprocating Saw allows you to make demanding cuts in a variety of materials. This machine features a brushless motor, offering greater efficiency and less wear, extending the life of the equipment. It also includes an adjustable stop, which allows you to set the depth of cut you want to make. It is also equipped with a selectable pendulum stroke, allowing you to choose between cleaner, more precise cuts (for materials such as PVC) or faster, more aggressive cuts (for materials such as wood). The machine also has an LED to illuminate the work surface, promoting user safety. With a quick blade attachment, this tool stands out for its versatility and practicality, optimizing the completion of tasks. Thanks to the common 20V battery range, the same battery can be used in several of the brand`s machines, guaranteeing autonomy.

**Key features**

- > Brushless motor, offering greater efficiency and less wear;
- > Adjustable stop for setting the depth of cut;
- > Versatility guaranteed by the selectable pendulum stroke;
- > Quick-fit, making it easy to change the blade;
- > LED illumination of the work surface, promoting user safety;
- > Powered by a standard battery from the 20V range (2Ah to 6Ah).

**Specifications**

Cutting capacity of metal tube	<b>10 mm</b>
Cutting capacity of wood	<b>120 mm</b>
Motor type	<b>Brushless</b>
Number of strokes at no load	<b>0 - 3100 spm</b>
Sound power level (LWA)	
Stroke length	<b>28 mm</b>
Voltage	<b>20 V DC</b>
