

SET OF HSS DRILL BITS 1-10MM - 19
PIECES
VIBHSS19

The 19-piece HSS drill bit set is manufactured from high-quality high-speed steel in accordance with DIN 338, ensuring precision, wear resistance and long service life. The 135° drill point enables stable drilling starts with reduced slipping and improved efficiency, even in harder materials. Suitable for drilling steel, stainless steel, brass, copper and plastics, this set offers versatility for professional and general maintenance applications. It includes a full range of diameters from 1.0 mm to 10.0 mm and is supplied in a practical storage case for safe transport and organization.

Key features

- > Manufactured according to DIN 338
- > 135° point for improved accuracy and stability
- > Suitable for metals and plastics
- > Practical case for transport and organization
