

4-PIECE PRO INSULATED SCREWDRIVER SET

VICCIP4

Each screwdriver features a non-slip bimaterial handle that guarantees a firm hold and superior grip, as well as an ergonomic triangular shape that reduces fatigue and increases user comfort. In addition, the magnetic tip makes it easier to position and handle screws, while the chrome vanadium steel shaft ensures the strength and durability of each tool.

Key features

- > Non-slip bimaterial handle, ensuring a superior grip;
- > Comfort provided by the ergonomic triangular shape;
