

## CHAIN FOR CHAINSAWS

### VICE3857

The chainsaw chain, compatible with the VITO model VIBCEBSFL40, has been designed to provide superior performance when cutting wood. With a pitch of 3/8" and 52 links, this chain is ideal for a wide variety of applications, from pruning trees and branches to cutting hardwood logs. Suitable for both domestic and professional use, this chain guarantees smooth and efficient cuts, facilitating work under different conditions, whether in gardening projects, maintaining green areas, or in more demanding forestry activities. The chain provides stability and precision in cutting, maximizing the quality of the electric saw's performance. Additionally, this chain resists prolonged wear, allowing you to tackle heavy-duty jobs without losing efficiency. With proper maintenance, you can extend the lifespan of your chainsaw and ensure that the cut remains sharp and efficient.
