

OIL COMPRESSOR 50LT 10 BAR 2.5HP VICO50A

The 50-litre oil-lubricated compressor is designed for pneumatic applications requiring robustness, consistent performance and durability. The oil lubrication system contributes to extended service life, making it suitable for frequent use in workshops and maintenance areas. With a 50-litre tank, it supports tasks such as inflation, cleaning, occasional painting and operation of pneumatic tools. It features a safety valve, thermal protection and an air outlet suitable for fixed network connection, ensuring reliable operation. The structure includes wheels and a transport handle for easy movement around the workplace.

Key features

- > Robust and reliable oil-lubricated compressor
- > Lubrication system for extended durability
- > 50-litre tank for regular applications
- > Suitable for pneumatic tools
- > Air outlet prepared for fixed network connection
- > Safety valve and thermal protection
- > Structure with wheels and transport handle
- > Suitable for workshops and maintenance

Specifications

Engine oil	15W-40
Maximum flow rate	206 L/min
Oil crankcase capacity	250 ml
On/off switch	Yes
Operating pressure	10 bar / 145 psi
Rotation speed	2850 rpm
Safety valve	Yes
Sound power level (LWA)	97 dB(A)
Tank capacity	50 L
Tank top outlet for fixed network connection	Yes
Thermal protection	Yes
IP code	IP20
Rated power	2,5 cv / 1,9 kW
Supply voltage	230V AC 50Hz
