

HELMET WITH FACE SHIELD AND EARMUFFS VICSPFA

The VICSPFA safety helmet provides combined head, face and hearing protection for forestry, agricultural and gardening tasks. It features a flip-up mesh visor, integrated hearing protection with SNR 22 dB noise reduction and a manually adjustable harness for secure fitting during cutting and clearing operations. Built from durable ABS material, it includes forehead sweatband padding, synthetic foam cushioning and ventilation slots for improved comfort during extended use. Certified according to EN 397, EN 352-3 and EN 1731 standards.

Key features

- > Integrated head, face and hearing protection
- > Flip-up mesh visor system
- > SNR 22 dB hearing attenuation
- > Manual adjustment harness
- > Durable ABS construction
