

2-IN-1 FOLDING SACK TRUCK - 137KG

VICTD2137

With its two positions of use, this model can be used as a load sack truck in the vertical position supported by two wheels, bearing up to 70KG, or as a platform sack truck thanks to its extendable toe plate, in the horizontal position with four wheels, with a capacity of up to 137KG. Compact design, quickly foldable and flexible for storage or transport in warehouses, vehicles and smaller spaces. Made from high quality steel and with rubber wheels, this sack truck provides excellent manoeuvrability and resistance, allowing loads to be moved safely and with balance.
