

STAIR CLIMBING SACK TRUCK 250 KG VICTE250

Its iron frame has been dimensioned to provide the robustness required for its capacity. It also allows you to increase the loading area thanks to its foldable toe plate. Can be used in a horizontal position to reduce strain. To make it easier to move loads in areas with steps, this model is equipped with 2 triple swivel wheels for going up and down stairs, 2 side guards to protect the goods from coming into contact with the wheels.

Key features

- > Capacity to transport loads up to 250kg;
- > Iron frame: ideal for delivering goods and/or orders without much effort;
- > 2 triple swivel wheels for going up/down stairs;
- > 2 side wheel guards to protect against falls;
- > Double iron toe plate.
