

## STEEL BRUSH FOR BRUSHCUTTER VIEAR150

Steel wire brush for brushcutters designed for outdoor cleaning and maintenance tasks, suitable for removing weeds, moss, surface roots and stubborn dirt from hard-to-reach areas. Ideal for agricultural use, gardening and land maintenance work. Fitted with 0.5 mm wire, it provides effective and consistent brushing action, suitable for demanding applications requiring mechanical abrasion and removal. The round design supports uniform coverage during operation. With a diameter of 150 mm, it offers a good balance between cleaning capacity and handling control, making it suitable for outdoor surfaces, roadside edges, ditches and areas with persistent vegetation.
