

COMBINATION SET SQUARE WITH SCRIBER 30CM

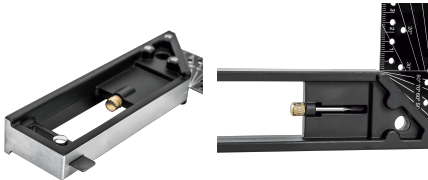

VIEUR300

VITO`s Combination Set Square with Scriber (VIEUR300) allows you to measure, mark and draw perfect 45° and 90° angles, adapting to different materials and surfaces. Equipped with an integrated scriber, it offers the convenience of drawing straight, exact lines without needing any additional tools, ensuring that every cut or mark is made with precision. Made of stainless steel, the set square provides resistance to wear and corrosion, ideal for frequent use in demanding environments. Compact and easy to handle, it is an essential everyday tool.

Key features

- > Guaranteed precision;
- > Integrated scriber: the built-in scriber eliminates the need for extra tools to draw lines;
- > Ideal for measuring, marking, and drawing angles;
- > Easy to transport and handle.
