

## 100% PU RAINSUIT BLUE VIF100PUAL

Made from 100% polyurethane, this rain suit offers total protection against rain and wind, ensuring comfort and freedom of movement in any outdoor activity. Notable for its lightness, it combines water resistance with flexibility, allowing for prolonged use without compromising comfort. The top of the rain suit features an adjustable hood with drawstring, a front zip fastening with snap fasteners, two front pockets with button and cuffs with snap fasteners. In addition, the rain suit trousers feature an elasticated waistband and an adjustable bottom with a snap fasteners. Along with its category I safety rating, the suit ensures greater safety and adjustability during use.
