

## MINI DUMPER 300KG VIMD300

This machine is designed to facilitate the transport of materials on construction sites, in agricultural work, gardening, and outdoor maintenance. Ideal for moving dirt, sand, rubble, firewood or building materials more quickly and with less physical effort, it provides practical support in professional and semi-professional contexts. The Mini Dumper stands out for its ability to work on slopes of up to 25%, making it ideal for uneven terrain and demanding surfaces. In addition, it is equipped with a Loncin 4-stroke combustion engine and a displacement of 196cc, offering consistent performance for transporting loads of up to 300kg. The manual transmission with 3 forward gears and 1 reverse gear allows adaptation to different types of terrain and loads, while the 3.6L fuel tank and lubrication system ensure autonomy and stable operation during work.

### Key features

- > Load capacity up to 300kg for efficient material transport;
- > Suitable for slopes up to 25%;
- > Loncin 4-stroke engine for reliable performance on site and outdoors;
- > 3 forward gears and 1 reverse gear for better control;
- > Ideal for construction, agriculture, and outdoor maintenance environments;
- > Practical solution to reduce physical effort when transporting loads.

### Specifications

Dimension	1700 x 770 x 1000 mm
Product weight	192 Kg
Weight with packaging	229 Kg
Engine	4-stroke combustion
Engine displacement	196cc
Engine oil	15W40
Engine oil crankcase	0,6L
Fuel	Petrol
Fuel tank capacity	3,6L
Gear oil	1,4L
No-load Speed	3600 rpm
Sound power level (LWA)	101db
Speeds	3 forward + 1 reverse
Transmission	Manual
Weight capacity	300 KG
Work surface tilt	Max. Longit. 25%
Engine brand	Loncin
Gearbox oil	80W90
Maximum speed	7.5 km/h Forward   3.5 km/h Reverse
Packaging dimensions	1700 x 770 x 1200 mm
Rated power	6,5 hp   4,8 kW
