

SET OF 2 METAL WHEELS FOR TILLER VIME7RM

The set of 2 metal wheels is compatible with VITO models VIME7, VIMETD7, VIME7A, VIMETD7A, and VIMEDTD7A. Equipped with a 25 mm hexagonal fitting, these steel wheels are designed to improve performance on challenging terrain such as mud, damp grass, or slippery surfaces. Thanks to the metal claws, they provide superior traction, facilitating the movement of the motor hoe in difficult conditions. Made from durable materials, they are ideal for those who need a robust solution to maximize efficiency on problematic soils. Compatible with VITO motor tillers, these wheels are essential for ensuring safer and more efficient agricultural work.

Key features

- > Facilitates traction on difficult surfaces.
- > Compatible with VIME7, VIMETD7, VIME7A, and VIMETD7A motor tillers.
- > 25 mm hexagonal fitting.

Specifications

Compatible with

VIME7A / VIMETD7A / VIMEDTD7A
