

SET OF 50 NUISANCE DUST MASKS

VIMH50

These disposable hygiene masks provide a physical barrier against non-toxic dust and other low-risk airborne particles, making them suitable for general cleaning, DIY and light maintenance tasks. They feature an adjustable nose clip for improved facial fit and enhanced comfort during use. The adjustable elastic straps provide a secure and comfortable fit for everyday applications. Supplied in a pack of 50, these masks offer a practical solution for occasional use. They are not a substitute for certified respiratory protective equipment intended for hazardous airborne contaminants.
