HIGH-PRESSURE WASHER WR1 LITE 150

VIML150WR1

This pressure washer has been designed for use in domestic and light maintenance tasks, offering a balance between power, mobility, and energy efficiency. The brushed motor ensures stable pressure during cleaning, allowing it to work effectively on different types of surfaces, such as floors, outdoor furniture, bicycles, and small machines. With a maximum pressure of 150 bar and an operating flow rate of 5.6 L/min, it ensures consistent dirt removal without wasting water. In addition, the lightweight structure, with aluminium elements, provides greater wear resistance and facilitates transport of the equipment, thanks to the integrated handle. The adjustable jet and automatic stop system improve user control, allowing you to adjust the water intensity, reducing consumption and increasing safety. The 5-metre cable and PVC hose offer good freedom of movement in residential areas, keeping operation simple and intuitive.

Key features

- > Maximum pressure of 150 bar, ideal for domestic cleaning;
- > Motor with aluminium components for more reliable performance;
- > Adjustable jet that can be adapted to suit the surface;
- > Automatic stop system for greater safety and energy savings;
- > Lightweight structure with integrated handle;
- > Low water consumption thanks to optimised flow rate;
- > 5-metre hose, suitable for residential areas.

Specifications

Aluminium carbon brush motor	Yes
Automatic stop and adjustable jet	Yes
Carrying handle	Yes
Flow rate	5,6 L/min
Head	Aluminium
Hose	PVC (5m)
Max. inlet water pressure	7 bar
Maximum flow rate	8,5 L/min
Maximum pressure	150 bar
Operating pressure	110 bar
Power cord	5 m
Sound power level (LWA)	91 dB
Vibration	1,033 m/s²
Body	Aluminium
IP code	IPX5
Operating temperature	5 - 50 °C
Packaging dimensions	256 x 311 x 725 mm
Product weight	5,6 Kg
Rated power	1600 W
Supply voltage	230 V AC 50 Hz

Package Contents

Gun
Lance with spray nozzle
High-pressure hose
Holder for set (gun + lance)
Holder for power cable
Holder for high-pressure hose
Holder for accessories (cleaning needle, foam nozzle)
Handle
Foam nozzle
Water inlet filter
Fixing screws set.
