

AIRLESS PAINT SPRAYER 850W VIMPA850

The VITO VIMPA850 Airless Paint Sprayer is designed for painting walls, facades, ceilings and metal structures with speed and consistency. Its airless system delivers uniform paint distribution while reducing material waste. Powered by an 850W motor, it provides a paint flow rate of 1.1 L/min and spraying pressure up to 3000 PSI. The adjustable pressure control allows the paint output to be adapted to different applications and coating types. The included 7.5 m hose and spray extension increase working reach, while the dual filtration system helps maintain consistent spraying performance and protects internal components.

Key features

- > Safety trigger lock;
- > Double filter system (inlet/outlet);
- > 7.5-meter PVC hose;
- > Carrying handle;
- > Pressure control knob;
- > Spray gun extension pole.

Specifications

Carrying handle	Yes
Power cord length	2 m
Sound power level (LWA)	107 dB (A)
Flow rate	1.1 L/min
Hose length	7.5 m
Maximum hose pressure	22.8 MPa 3300 PSI
Size/ type of tip	517 (0.017")
Sound pressure level (LPA)	95 dB (A)
Spraying distance	250 - 350 mm
Spraying pressure	20 MPa 3000 PSI
Height	485 mm
Length	510 mm
Product weight	11.576 kg
Weight with packaging	14.786 kg
Width	370 mm
Rated power	850 W
Supply voltage	230 V AC ~ 50 Hz
