SPRAY TIP FOR AIRLESS PAINT SPRAYER 50º 250–300 MM

VIMPAB515

The VITO VIMPAB515 Airless Spray Tip is designed to maximise productivity when painting walls, ceilings and other large surfaces. Compatible with the VIMPA850 airless paint sprayer, it features a 250–300mm spray fan and a 0.015" orifice, providing fast and uniform coverage. Suitable for latex paints and water-based enamels, it is ideal for renovation, construction and large-area painting projects.
