

## NECK GUARD FOR AUTO-DARKENING WELDING HELMETS VIMSETC, VIMSETCP AND VIMSEA

### VIMSE.PP

The VITO neck protection is designed to enhance safety when using VIMSETC, VIMSETCP or VIMSEA electronic welding helmets. Made from flame- and heat-resistant fabric, it prevents burns and protects the neck from sparks and debris. Flexible, lightweight and easy to attach, it offers maximum comfort and safety for long welding sessions.
