DIGITAL WATER TIMER

VIPRDI

The VITO digital irrigation timer automates garden watering with quick tap connection. It features two operation modes – manual and automatic – and supports up to 15 day combinations and 8 watering intervals each. Easy to configure using the digital display and dedicated buttons for hour, minute, and day. With a maximum pressure of 8 bar, 9V battery operation, and up to 6 months of autonomy, it's perfect for keeping your garden watered even when you're away.
