

GREY SWIVEL CASTOR WITH BRAKE VIRGTCZ100

VITO's Grey Swivel Castor with Brake ensures braking and complete freedom of movement for moving loads indoors without leaving marks on the floor. With a soft wheel and 360° rotation, this castor makes it easier to move around, especially in small spaces. In addition, the rubber coating prevents scratches on any type of flooring. The castor is equipped with a brake that allows the wheel to be locked when necessary, ensuring that it is secured and immobilised. Its galvanised metal construction ensures durability, while the swivel system guarantees smooth manoeuvring.

Key features

- > 360° movement, ensuring fluidity in manoeuvres;
- > Integrated brake for greater safety;
- > Resistant rubber coating preventing marks;
- > Ideal for moving around in small spaces;
- > Convenience in transporting loads;
- > Sturdy galvanised metal structure.

Specifications

Base plate dimension	102x84mm
Clearance Hole Dimensions	80x60mm
Hardness	78±3 Sh
Platform height	125mm
Weight capacity	100kg
Wheels diameter	100mm
Wheels dimensions	100x30mm
Width of the structure	2,5mm
