

PETROL LOG SPLITTER 12 TON

VIRLG12

The VITO 12-Ton Gasoline Log Splitter is designed for demanding cuts, offering impressive power that makes it easier to work with robust logs. With a work cycle of just 18 seconds, this machine ensures fast and efficient performance, perfect for those who need precise, uninterrupted cuts. The versatile model allows use in 3 positions: horizontal, vertical, and even diagonal, providing maximum flexibility during use. With a cutting capacity of up to 52 cm in length and a maximum diameter of 30 cm, the splitter can divide wood into two parts, increasing productivity. Its sturdy structure and 12-ton power ensure that even the most demanding tasks are completed with ease. Ideal for those seeking efficiency and speed in firewood preparation, this model is perfect for outdoor use and large volumes of work.
