

ACRYLIC SPRAY PAINT VISAAL

This multi-purpose spray is suitable for painting and renovating surfaces, especially for maintenance, DIY and finishing work on various materials, whether indoors or outdoors. Its formulation has been designed to offer simple application and consistent results on different types of surfaces. As such, it can be used on wood, metal, glass, cardboard, plastic, stone, and PVC, making it a versatile option for painting projects in domestic or professional environments. Thanks to its quick drying and high coverage, this spray makes painting tasks easier and allows for consistent visual results.
