

HIGH VISIBILITY TWO TONE T-SHIRT VITAVBL

Made from a blend of cotton and polyester, this garment offers softness and resistance, providing comfort and durability, even in contexts of intensive use. Due to its modern and functional design, this T-shirt stands out for its versatility in different environments. In addition, the presence of high-visibility reflective strips ensures user safety in low-light situations.

Key features

- > Comfortable and breathable fabric;
- > High durability thanks to the fabric's resistance;
- > Double stripes with segmented reflective lists to increase safety;
- > High visibility certified according to EN ISO 20471 standards.
